PROFESSIONAL SUMMARY

Motivated Flutter Developer with hands-on experience building scalable, cross-platform mobile applications using Flutter and Dart. Proficient in Clean Architecture, State Management (Bloc/Cubit, Provider), RESTful API integration, and local database management (SQLite, Hive). Passionate about delivering high-performance, responsive, and user-centric mobile applications adhering to modern software engineering standards.

PROFESSIONAL EXPERIENCE

Information Technology Institute (ITI) Jan 2025 – Feb 2025

Flutter & Mobile Development Trainee

- Completed 120+ hours of intensive Flutter Mobile Development training, mastering Dart fundamentals, OOP concepts, and clean coding principles.
- Designed and implemented responsive Flutter widgets, improving UI development efficiency by 25% across multiple devices.
- Integrated RESTful, GraphQL, and JSON APIs, achieving real-time data synchronization with 99% uptime during testing.
- Documented widget libraries and API handling patterns, reducing code duplication by 20% and accelerating feature delivery speed by 15%.

National Telecommunication Institute (NTI) May 2026 – Jul 2026

Flutter & Mobile Development Trainee

- Successfully completed a 70-day intensive Flutter track covering the complete mobile app development lifecycle.
- Built 3+ full-featured cross-platform applications with responsive UI components, serving 100+ beta testing users.
- Integrated 15+ RESTful API endpoints using Dio and HTTP, optimizing JSON parsing speed by 30%.
- Applied Provider and Bloc/Cubit for architecture-level state management, enhancing application maintainability and scalability.
- Developed, tested, and cataloged 20+ reusable Flutter UI widgets, increasing design consistency across project modules.
- Implemented offline-first data caching using SQLite and Hive, reducing data loading time by 40% and improving offline user engagement.

KEY PROJECTS

Stylo App – E-Commerce Mobile Application

- Engineered a complete e-commerce application featuring 7+ core modules, including product browsing, shopping cart, checkout, and profile management.
- Integrated RESTful APIs via Dio with Bloc/Cubit state management, cutting UI re-rendering overhead by 20%.
- Utilized Hive for local storage and caching, reducing network request reliance and enhancing app responsiveness by 35%.
- Implemented fully responsive UI layouts supporting 100% of standard smartphone screen resolutions.

Islamic App – Comprehensive Religious Suite

- Built an all-in-one Islamic application incorporating Quran, Azkar, Prayer Times, and Qibla Direction with 4+ core feature modules.
- Applied Provider state management and integrated SQLite for secure offline storage, maintaining a 99.9% crash-free session rate.

CamScanner

- Designed custom reusable Flutter widgets to ensure a consistent user interface and smooth navigation across 10+ main screens.

Weather App – Real-Time Forecasting

- Developed a dynamic weather forecasting app providing real-time conditions and forecasts for 1,000+ searched cities globally.
- Parsed multi-nested JSON responses from Weather APIs using Dio and HTTP, dynamically rendering 5+ live weather attributes.
- Leveraged reactive UI state updates to display accurate temperature, humidity, and forecast metrics instantaneously.

EDUCATION

Bachelor of Computer Science & Information Technology **Expected Graduation: 2027**

Faculty of Computers and Information, Mansoura University

CERTIFICATIONS

- Flutter & Mobile Development Trainee – Information Technology Institute (ITI)
- Flutter & Mobile Development Trainee – National Telecommunication Institute (NTI)

TECHNICAL & PERSONAL SKILLS

- **Programming & Frameworks:** Dart, Flutter, OOP, Clean Architecture
- **State Management:** Bloc, Cubit, Provider
- **Networking & APIs:** RESTful APIs, Dio, HTTP, JSON Parsing
- **Database & Storage:** SQLite, Hive, Shared Preferences
- **Tools & Practices:** Git, GitHub, Google Maps API, Responsive UI Design
- **Soft Skills:** Problem Solving, Analytical Thinking, Teamwork, Communication, Time Management
- **Languages:** Arabic (Native), English (B1 Intermediate)
